*SPECIALIZING IN OUT-OF-STATE MEDICAID ACCOUNTS*

## Increase Out-of-State Medicaid account collections and receive quicker claim payment turnaround with NHI Billing Services!

We understand how busy your hospital's business office can be, and how few internal resources you have to devote to collecting difficult out-of-state Medicaid account claims. With each state requiring its own set of reimbursement requirements, it takes a Medicaid expert to navigate all the rules and regulations that currently surround these government insurance plans.

Since 1996, we've worked with hospitals just like yours to:

- Verify eligibility and authorization requirements
- Complete provider enrollment applications
- Bill Medicaid state agencies and designated HMOs
- Follow up on accounts
- Complete appeals

The result? Increased Medicaid account collections and reduced claim denials.

## Challenge

Hospitals generally manage reimbursements with their familiar in-state Medicaid programs well, but infrequent interactions with unfamiliar out-of-state Medicaid programs can prove difficult and become a frustrating strain on resources. Hospitals often write off these claims rather than try to navigate the uncharted waters leading to successful reimbursement.

## Solution

Backed by years of experience specializing in the management of out-of-state Medicaid account reimbursements, NHI Billing Services is always current with the many unique Medicaid rules and regulations of all 50 states plus those of the District of Columbia and United States Protectorates. When a Medicaid patient arrives at your hospital, no matter what out-of-state program they may have, our highly trained staff can help you navigate all the unique steps needed to successfully go from registration to reimbursement.

## Result

Hospitals experience increased collections, fewer claim denials, quicker payment turnaround and less administrative work freeing resources to focus on what's most important: taking care of patients and their families.

***“NHI is truly an extension of our business office. We receive prompt responses to our questions and the net result is more paid accounts and lower costs than if we did it ourselves.”***

*– 340 bed hospital, NE US*

## About Us

NHI Billing Services specializes in out-of-state Medicaid account management services for hospitals. Since 1996, our clients have relied on our focus, experience, efficiency and commitment to customer service, which results in fewer denials, increased collections, quicker payment turnaround and less administrative work.
